South West Water also require access to a pumping station accessed via this compound in case of an emergency, therefore all boats and trailers must be moveable. Any trailers that are locked will have the locks cut off without warning, no responsibility to any damage to trailer, trolley or boat will be accepted by BYC.

Oxen Cove (Brixham) to Brixham Cricket Club - Google Maps

- The closest that you will be able to park to the club compound and therefore your boat will be Freshwater Carpark that you will have driven through to reach the club and club compound. This is pay and display but 3 day or 5 day permits can be purchased online through <https://www.torbay.gov.uk/roads/parking/parking-permits/car-park-permits/> It is worth noting that these permits are valid in all Torbay Council carparks except the harbour and Union Lane car parks in Torquay, so if you or family plan to park other than just in Brixham Freshwater Carpark, the permit may represent good value.

CLUB ACCESS

- Changing Rooms and downstairs toilets will be open while the club is open
- Space is limited in the changing rooms. Please respect the social space of others especially in these COVID times. If possible, please change for racing before you arrive at the Club or by your boat.
